"Even with a music program the caliber of Norwood's, the teachers and students can not accomplish what they do without help. The Parents Music Association is that piece. The PMA provides time and money for all of our students to accomplish their goals. That they do so as volunteers speaks to the commitment that I, as a teacher, former student, and parent, appreciate. It really is impressive, and the purposes of music in Norwood could not be met, at the same levels, without them."

"The Norwood PMA added so much to my high school experience, be it through the organization of competitions, trips, or any number of other music related events. It still continues to affect my life while in college through its scholarships."

Former NHS Music Student
